Understanding Paper.io 2

What is Paper.io 2?

Paper.io 2 is an online multiplayer arcade game developed by Voodoo, where players control a colored square or "paper" that moves around a grid, claiming territory by drawing lines. The objective is to conquer as much space as possible while avoiding being eliminated by opponents. The game combines elements of strategy, agility, and quick reflexes, making it appealing across various age groups. Key features include: - Simple controls: Use the mouse or touch to steer your square. - Territorial conquest: Expand your territory by enclosing areas. - Competitive gameplay: Face off against multiple players in real-time. - Progression system: Unlock new skins and customize your avatar.

Gameplay Mechanics
