Sample 45 Minute Guided Meditation Script

Introduction and Centering (5 minutes)

Begin by settling into a comfortable seated position. Close your eyes gently, or soften your gaze. Take a deep breath in through your nose, filling your lungs completely. Exhale slowly through your mouth or nose, releasing tension. Repeat this deep breathing a few times, allowing your body to relax with each exhale.

As you continue to breathe naturally, bring your awareness to the present moment. Let go of any lingering thoughts about the past or worries about the future. Simply be here now, fully present with your breath and body.

Body Scan Meditation (10 minutes)

1. **Focus on your feet:** Notice sensations, warmth, or tingling. Release any tension.
2. **Move upward:** Bring awareness to your ankles, calves, knees, thighs, and hips. Observe without judgment.
3. **Core and upper body:** Shift attention to your abdomen, chest, shoulders, arms, and hands. Relax these areas consciously.
4. **Neck and head:** Notice your neck, jaw, face, and scalp. Relax your facial muscles and soften your jaw.

Throughout this scan, breathe into any areas of tension, imagining the breath dissolving tightness and stress.

Breath Awareness and Focused Breathing (10 minutes)

Return your attention to your breath. Observe the natural rhythm: inhale, pause, exhale, pause. Notice the rise and fall of your chest or abdomen. If your mind wanders, gently redirect it back to your breath without judgment.

Practice box breathing if desired: inhale for four counts, hold for four, exhale for four, hold again for four. Repeat to deepen focus and calm the nervous system.

Visualization and Guided Imagery (10 minutes)

Imagine yourself in a peaceful, sacred place — perhaps a forest, beach, or mountain top. Engage all your senses: notice the sounds, smells, textures, and colors. Feel the serenity of this environment and allow it to envelop you.

Visualize a radiant light or energy at the center of your chest, expanding outward with each breath. Imagine this light dissolving stress and filling you with warmth, love, and vitality.

Loving-Kindness and Compassion Practice (5 minutes)

Silently repeat phrases of good wishes for yourself and others:

1. "May I be happy."
2. "May I be healthy."
3. "May I be safe."
4. "May I live with ease."

Then extend these wishes outward to loved ones, acquaintances, and all beings, cultivating compassion and

universal kindness.

Silent Reflection and Integration (5 minutes)

Allow your awareness to settle into silence. Observe any sensations, thoughts, or feelings that arise. Simply witness without attachment or judgment. Let this period serve as a bridge to your daily life, carrying the calm and clarity cultivated during your practice.

Closing and Gratitude (5 minutes)

Gradually bring your awareness back to your surroundings. Wiggle your fingers and toes, stretch gently if needed. Take a few deep breaths, expressing gratitude for this time you've dedicated to yourself.

When you're ready, slowly open your eyes. Carry the sense of peace and mindfulness into your day.

Sample Guided Meditation Script Breakdown

Below is a detailed outline of a typical 45-minute guided meditation script, including sample prompts and language.

Introduction and Centering

“Welcome to this meditation. Find a comfortable seated or lying position, allowing your body to relax. Close your eyes if that feels comfortable, and take a deep breath in... and out. Let’s set an intention for this session: perhaps to cultivate calm, clarity, or self-compassion. As we begin, gently bring your attention inward, leaving behind the busyness of the day.”

Breath Awareness

“Now, bring your focus to your breath. Notice the sensation of air entering your nostrils, the gentle rise of your chest or belly as you inhale, and the soft release as you exhale. Don’t try to control your breathing—simply observe. If your mind wanders, gently redirect your attention back to the breath, without judgment.”

Body Scan

“Begin to scan your body from the crown of your head down to your toes. Notice any areas of tension or discomfort. As you breathe out, imagine releasing that tension. Feel your scalp, your forehead, your jaw—let them soften. Move to your shoulders, arms, hands, chest, abdomen, hips, legs, and feet. With each exhale, imagine letting go of tension and grounding yourself further into relaxation.”

Visualization or Guided Imagery

“Picture yourself in a peaceful place—a quiet forest, a tranquil beach, or a lush garden. Visualize the surroundings vividly: the colors, sounds, textures, and scents. Feel the warmth of the sun, hear the gentle rustling of leaves or waves. Allow yourself to fully immerse in this scene, feeling safe and at ease.”

Loving-kindness and Compassion

“Bring to mind someone you care about, and silently wish them well: ‘May you be happy, may you be healthy, may you be at peace.’ Now, extend these wishes to yourself: ‘May I be happy, may I be healthy, may I be at peace.’ Feel these intentions expanding within your heart, cultivating kindness and compassion.”

Integration and Closing

“Begin to bring your awareness back to your breath. Notice the sensations of your body resting here. Wiggle your fingers and toes, stretch gently if needed. When you’re ready, slowly open your eyes, carrying the calm and clarity from this practice into your day. Remember, this sense of mindfulness is always available to you.”
