Origins and History of Green Witchcraft

Green witchcraft has ancient roots, with practices dating back thousands of years across various cultures. Indigenous peoples worldwide have long revered plants and trees as sacred sources of medicine, spiritual power, and divine connection. Historically, green witchcraft was practiced by herbalists, shamans, and wise women and men who used their knowledge of plants to heal, cast spells, and connect with nature spirits. During the European witch trials, many herbal practitioners were persecuted, but their traditions persisted in secret and evolved into modern practices. In recent decades, green witchcraft has experienced a resurgence as part of the broader interest in paganism, Wicca, and eco-spirituality. Today's green witches often draw inspiration from historical practices while adapting them to contemporary values like environmental activism and holistic health.
