Background and Context of "My Map" Who is Sara Fanelli? Sara Fanelli is a British-Italian artist and illustrator born in Florence, Italy. Her creative journey began with formal training at the Royal College of Art in London, where she developed her unique approach combining collage, drawing, and literary elements. Fanelli's work is characterized by its playful yet sophisticated aesthetics, often exploring themes related to childhood, identity, and the passage of time. The genesis of "My Map" "My Map" originated as part of Fanelli's larger body of work that reflects on personal and collective histories through visual storytelling. Created during a period of introspection, the piece functions as a metaphorical map—an internal landscape charting memories, experiences, and emotional states. It was designed to challenge traditional notions of cartography, emphasizing subjective experience over objective geography. The significance of maps in art and literature Maps have long served as symbols of exploration, discovery, and understanding. In art and literature, they often function as metaphors for identity, journey, and the search for meaning. Fanelli's reinterpretation of the map as a personal, almost subconscious, territory aligns with this tradition but pushes it further by emphasizing emotional and psychological dimensions.

Visual and Stylistic Features of "My Map" Collage and mixed media techniques One of Fanelli's hallmark stylistic features is her use of collage. In "My Map," she combines various materials—printed images, handwritten notes, sketches, and textured papers—to construct a layered visual narrative. This technique creates a sense of depth and complexity, encouraging viewers to peel back the layers to uncover hidden meanings. Hand-drawn elements and typography Alongside collage, Fanelli incorporates hand-drawn illustrations and typographic elements. Her use of whimsical,

sometimes childlike drawings juxtaposed with more detailed or abstract images adds a playful yet profound tone. Handwritten labels and annotations serve to personalize the map, making it feel intimate and accessible. Symbolism and imagery The imagery within "My Map" is rich with symbolism. Common motifs include:

- Paths and routes: Represent journeys—both physical and emotional.
- Objects and landmarks: Symbolize memories or significant life events.
- Figures and faces: Personalize the map, representing self or others.
- Abstract shapes and colors: Convey moods and psychological states.

The combination of these elements creates a visual language that is open to interpretation, inviting viewers to find their own meaning. Color palette and composition Fanelli's color choices tend to be muted and earthy, with occasional pops of brighter hues to draw attention to specific areas. The composition is often asymmetrical, mimicking the organic, unpredictable nature of personal memory and experience. This deliberate arrangement emphasizes the subjective nature of the map, contrasting with the precise, grid-like structure of traditional geographic maps. Themes Explored in "My Map" Memory and personal history At its core, "My Map" is an exploration of memory. Fanelli visualizes her own recollections, insights, and emotional states, transforming them into a navigable landscape. The map becomes a metaphor for how individuals internalize and organize their past experiences. Identity and self-discovery The work probes questions of identity—how our histories, relationships, and environments shape who we are. The personal annotations and symbolic imagery reflect an ongoing process of self-discovery, emphasizing that understanding oneself is a journey rather than a destination. The fluidity of space and time Unlike traditional maps that depict fixed locations, Fanelli's "My Map" emphasizes fluidity. The boundaries between different areas are blurred, and the inclusion of abstract elements suggests that space and time are malleable constructs within personal consciousness. The relationship between the external and internal worlds Fanelli blurs the distinction between external geography and internal psychological landscapes. Her work suggests that our inner worlds are as vast and complex as the physical world, and understanding ourselves requires navigating both terrains. Influences and Inspirations Literary influences Fanelli's work is heavily influenced by literature, particularly works that explore memory, identity, and the subconscious. Writers such as Virginia Woolf and Marcel Proust, known for their introspective narratives, inform her layered, poetic approach. Artistic influences Her artistic style draws inspiration from:

- Collage art: Especially the works of Kurt Schwitters and Hannah Höch.
- Children's book illustrations: Their simplicity and whimsy influence her playful aesthetic.
- Surrealism: The dreamlike quality of her imagery echoes surrealist techniques and themes.
