The history of Deaf culture in the U.S. dates back centuries, with roots tracing to early educational efforts and community formation. The first formal school for the deaf, the American School for the Deaf, was established in 1817 in Hartford, Connecticut. Over time, Deaf individuals faced significant challenges, including social stigma, forced oralism (the suppression of sign language in favor of speech), and discrimination. Yet, these struggles fostered resilience and a collective sense of pride, culminating in the modern Deaf rights movement, which gained momentum in the 20th century. The Deaf President Now protest at Gallaudet University in 1988 is a landmark event, symbolizing Deaf people's demand for recognition, autonomy, and respect within educational and social spheres.
